Friends for Liberty Present

The Power of One

- Ever been frustrated by an unresponsive elected official?
- Overwhelmed by an overzealous government agency?
- Angered by bureaucratic inertia?

Become empowered! Learn how others in your state and community have made a difference in overcoming these obstacles. We are proud to present three grassroots activists with inspiring stories to share:

- Tim Eyman—Washington State's "Initiative King"
- Sharon Hanek—"The Research Mom"
- Dick Phenneger—Idaho's "Veterans Advocate"

Learn about their achievements and what you can do to bring real change to America. Find out how you too, can make a difference.
